

# Ophthalmology Update: Diabetic eye disease, acute vision loss and common lid conditions

For GPs, Registrars, Nurses, Optometrists, Pharmacists and other allied health professionals.

This session will provide an update on common ophthalmic complications in diabetes and management of acute vision loss. Dr Sudha Cugati and Dr Katja Ullrich will also be providing updated information on the common causes of eyelid conditions in children and adults and discuss referral guidelines as well as the support available via HealthPathways South Australia (HPSA).

## Learning Outcomes

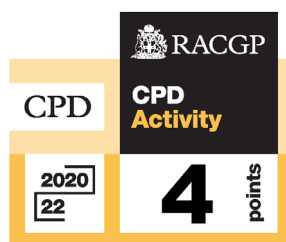

- Describe common ophthalmic complications in patients with diabetes and summarise management of acute vision loss
- Identify common lid conditions in children and adults, including various types of eyelid malposition, and possible causes of development
- Discuss the management of lesions and how to recognise features of malignancy
- Explain how to perform a basic eye assessment
- Discuss the available referral pathways for patients.

## Presenters

Dr Sudha Cugati, Ophthalmologist, Northern Eye Specialists

Dr Katja Ullrich, Ophthalmologist, Eyemedics & Northern Eye Specialists
